- Support the Vice-President of Congressional and Legislative Affairs in advising the company on strategic approaches to the legislative and executive branch policy environment
- Participate in strategic lobbying activities in support of Premera's business goals
- Identify, track and analyze the potential business impacts of proposed state and federal legislation
- Interface directly with legislators and legislative staff and/or provide testimony in connection with policy matters of importance to Premera
- Partner with teams across Premera to assess and support the implementation of laws that may require operational changes
- Prepare verbal and written communications including legislative bill updates, bill summaries, etc.

What you'll bring:

- Bachelors' Degree or four (4) years' experience
- Five (5) years' experience in health care or legislative environment
- Master's Degree and exposure to the Washington State legislative landscape preferred
- Experience with health policy and legislative policy
- Excellent written and verbal communication skills
- Ability to develop and maintain external relationships related to legislative issues
- Highly developed critical thinking skills, with the ability to make decisions quickly
